

Volunteer Policy

Purpose

The purpose of this policy is to ensure that volunteers working within the organisation participate in a manner that is safe, significant, fulfilling and appreciated.

Policy

Third Sector Australia (3SA) values the contribution of volunteers and actively encourages volunteer participation to enhance the quality and scope of our activities outside core service delivery obligations.

3SA commits to a fair, consistent and transparent process of recruiting, managing and supporting volunteers.

3SA expects all volunteers to read, agree to and abide by 3SA's Code of Conduct and Statement of Professional Ethics at induction and to operate within 3SA's policies, procedures and ethical professional boundaries whilst engaged as a volunteer. 3SA will provide volunteers with access to training where appropriate and to ensure organisational standards and expectations of diversity, cultural awareness and safety are maintained.

3SA acknowledges the important contribution of volunteers to the organisation.
